

Position: Municipal Engineer Department Head

Location: South Dakota

Minimum Qualifications

Brosz Engineering is currently seeking a Municipal Engineer with an emphasis in Water/Wastewater to join our growing municipal team. We are looking for candidates who are highly motivated, possess strong verbal and written communication skills, and work well in a team environment. Applicants must have 10+ years of directly relevant experience in water-related municipal projects and be a Registered Professional Engineer and obtain licensure in South Dakota within 6 months if not already licensed in the state.

Primary Office Responsibilities

Municipal Engineer will be directly responsible for leading a department of 5-7 engineers or technicians in all phases of municipal engineering for communities in South Dakota. It includes oversight for the preparation of technical reports, plans and specifications, and engineering services during construction for new or existing water related projects. Candidates will supervise support staff to analyze current infrastructure systems, perform problem solving, conceptual and preliminary design activities to include site visits, fieldwork, alternate analysis, and report preparation. As a department head it will be essential to collaborate with several entities such as other engineering disciplines, planning districts and funding or other regulatory agencies. Innovative and creative designs shall be implemented into detailed plans and specifications. Construction administration and oversight activities shall also be monitored to ensure adherence to contract requirements. Engineer is expected to maintain a high level of professional service to the Company's clients in an accurate and timely manner.

Work Conditions and Schedule

General professional business office conditions with normal office hours. This position may require some evening or weekend work. Overnight stays may also be required.

Salary and Benefits

Salary will be established at a level comparable with other senior management level engineering positions in the industry. Company benefits include 100% paid family health insurance, company match to 401k, profit sharing, long-term health care, paid vacation, and 9 paid holidays.

How to Apply for this Position

Applications for this position should be sent to: Human Resources Director, Brosz Engineering, Inc., 109 South Main, PO Box 357, Bowman, North Dakota 58623 or can be emailed to Human Resources at hr@broszengineering.com
