

Position: Civil Engineer – Municipal
Location: South Dakota

Qualifications

Brosz Engineering is currently seeking a Civil Engineer with an emphasis in water and wastewater design to join our growing Municipal team. We are looking for candidates who are highly motivated, possess strong verbal and written communication skills, and work well in a team environment. Applicants must have 5+ years of directly relevant experience in water related projects and be a registered Professional Engineer or be able to obtain licensure in South Dakota within 6 months.

Primary Responsibilities

Municipal Engineer will be directly responsible for preparation of technical reports, plans and specifications, and engineering services during construction for new or existing water related projects. Candidates will analyze current infrastructure systems and perform problem solving using practical creative thinking skills. Conceptual and preliminary design activities including site visits, fieldwork, alternate analysis, and report preparation. Collaborate with several entities such as other engineering disciplines, planning districts, funding and regulatory agencies, and equipment suppliers. Innovative and creative designs shall be implemented into detailed plans and specifications. Construction administration and oversight activities shall also be performed to ensure adherence to contract requirements. Engineer is expected to maintain a high level of professional service to the Company's clients in an accurate and timely manner.

Work Conditions and Schedule

General professional business office conditions with office hours of Monday-Friday 7AM to 5PM. Meeting attendance or construction schedules may require some evening or weekend work. Overnight stays may also be required.

Salary and Benefits

Salary will be established at a level comparable with other senior level engineering positions in the industry. Company benefits include family health care (premium paid 100% by Brosz Engineering), health savings account plan, company match to 401k, life insurance policy, profit sharing program, paid time off, and holidays.

How to Apply for this Position

Applications for this position should be sent to: Human Resources Director, Brosz Engineering, Inc., 109 South Main, PO Box 357, Bowman, North Dakota 58623 or can be emailed to Human Resources at hr@broszengineering.com.
